C3300n

The ultimate desktop colour printer for business

This is a premium quality single pass printer, with advanced features over and above ordinary 4-pass machines. It has no equal in terms of print performance and business value, offering the kind of speed, paper handling and colour quality never before seen on a desktop. As the specialists in business printed communications, we are committed to putting the latest colour advances within the reach of all. The C3300n proves it.

Class-leading paper handling and media flexibility

• Digital LED single pass printing smoothes paper flow to increase speed, reduces paper jams and assists the handling of a range of media.

• Professional speed at 12ppm (pages per minute) colour/16ppm mono.

• Flexible enough to print anything from business cards to address labels and up to 203gsm paper weight.

• This compact device with enhanced ergonomics is designed to be easy to use, well built and reassuringly reliable with a range of key features that make in house printing easy to achieve.

Outstanding print quality

• Unique ProQ2400 Multi-level technology and High Definition Toner combination brings class-leading print quality for professional, impressive looking documents.

• Photo Enhance provides photo-like quality on ordinary office paper.

• Auto Colour Balance ensures consistent results throughout the life of the printer.

• Low cost toner cartridges for lower running costs.

In-box help for easy in-house printing

• Template Manager 2006 software provides easy to use templates for a range of non-standard media, including business cards and address labels – it even manages the printer settings automatically.

• Web Print simplifies the printing of web-pages, adjusting text and images to fit on the page without cutting off information, so saving paper and user intervention.

	Printer Duty (average)	500 - 2,000 pages/month

*1 Check local OKI Printing Solutions website for latest driver releases

Consumables Information: For the protection of your printer, and in order to ensure that you benefit from its full functionality, this model has been designed to operate only with genuine OKI Printing Solutions toner cartridges. These can be identified by the Oki trademark. Any other toner cartridge may not operate at all, even if it is described as "compatible", and if it does work, your printer's performance and print quality may be degraded.

Specification subject to change without notice. All trademarks acknowledged
